WEB DEVELOPMENT PROJECTS

PERSONAL PROJECTS

Joke Teller

A JavaScript app that combines a Joke and a speech-to-text API.

Random quote generator

A JavaScript quote generator with Twitter integration and API call

Pig Game

My take on Pig Game. Uses pure Javascript for the game and is hosted on Netlify.

Guess My Number

My take on the classic Guess the Number game. Uses pure Javascript for the game and is hosted on Netlify.

GROUP PROJECTS

Food 4 All

An app that connects food insecure people with other users looking to give food/meals for free.

- Developed front-end user experience for landing & index page.
- Implemented Geocoder that allowed user to searched food items on a map

Pokémon Do

Group project at Le Wagon Montréal. Airbnb-like app where flats are replaced by Pokémon.

- Coordinated with team members to successfully develop the user stories and implement the program logic.
- Built responsive, accessible and dynamic web pages to enable users to easily navigate site.

WORK EXPERIENCE

Education Agent, Stella, l'amie de Maimie
December 2017 - April 2022 (Montreal)

- Participated in team and board meetings to determine next development priorities.
- Plan and coordinate activities on sexual health for audiences of 10-20 participants on a monthly basis.
- Create marketing materials and publicize events through social media. Saw increased attendance at several activities throughout the year.
- Oversaw the creation and made decision regarding the publication of the biennial magazine *ConStellation*.

Customer Relations Resolution Agent, Sunwing Vacations
October 2016 - April 2017 (Montreal)

- Participated as a business user in the development and tailoring of a new CRM program (Zendesk) to meet the department's needs.
- Trained multiple departments on the program and provided continued training after any major updates.
- Analyzed and investigated an average of 10 claims/day pertaining to service/product concerns with suppliers.
